

Tristar Triumph – From Turkey to UAE to Oman

The Shipping Business has purchased another coastal vessel named Tristar Triumph to serve the long term charter signed with Shell Oman Marketing. The vessel sailed from Turkey on February 5 towards the UAE for inspection by the Charterers. She reached Khor Fakkan on February 27 where a blessing ceremony and a Ship Inspection Report Programme or SIRE inspection were arranged. The blessing ceremony was held onboard as a thanksgiving since the vessel successfully transited through rough weather while sailing from the Suez Canal and Gulf of Eden. The vessel then sailed out for Oman on February 29 and commenced her charter with Shell on March 1.
