

Tristar Acquires Land in the Port of Duqm

Tristar has acquired more than 11,000 square meters of logistic land in the Port of Duqm that will have a 3,048 square meters covered warehouse with a capacity of 5,000 pallet position and an open yard for future expansion. The logistics warehouse project will offer 3PL and 4PL services. Eugene Mayne (seated 2nd left), Group CEO of Tristar said: "The expansion of our presence in Oman to Duqm further strengthens our value proposition as we continue to serve the future requirements of our international oil and gas customers as well as major local companies, with the highest level of operational and international safety standards. We constantly seek to build partnerships through which we can expand our service offering to our customers across the GCC and beyond, and the Port of Duqm provides us with the perfect platform to do so."
