

## Joint Venture on Hazardous Goods in JAFZA

The Tristar Group based in the UAE and the Stevens Group based in the Netherlands have launched the Tristar Hazmat FZCO in the Jebel Al Free Zone which will provide logistics and supply chain management of hazardous goods and substances throughout the Middle East. The joint venture brings together the diverse footprint and established network of Tristar in the logistics and supply chain management across the Middle East providing Stevens with a unique opportunity to deploy its niche products and services across the industry.
