

Tristar Group wins “Best Logistics Innovation and Technology Strategy Award”

Tristar Group received the ‘Best Logistics Innovation and Technology Strategy Award’ at the ICT Achievement Awards 2017 organised by Computer News Middle East. Tristar’s IT department was recognised for their innovative Digital Transformation strategy embarked upon in 2017.

The award further strengthens Tristar’s reputation as an early adopter of technology in the logistics industry to ensure safety, timeliness and better customer service.
