

Tristar to ban non-reusable plastic in its shipping operations at SOHAR Port

The Tristar Group has committed to ban non-reusable plastic materials in its shipping operations at SOHAR Port and Freezone commencing 2019. This was announced at the Sohar Safety Summit with the theme 'Drive Change in Safety Culture' which was attended by Sohar Industrial Port Company (SIPC) officials and users of the Port of Sohar Service jetty. Tristar Ship Management General Manager Henri de Gersigny said: 'We at Tristar are committed to support the 2018 World Environment Day theme of 'Beat Plastic Pollution' by refusing items that cannot be reused.' He also urged the participants to support the desired change by getting involved in keeping the environment clean and improving the health of their personnel.
