

Inauguration of Computer Lab

The Computer Lab donated by Tristar to the Gabat Primary School in Juba, South Sudan, was inaugurated by top government officials of Jubek State and the capital city. This project is in line with Tristar Group CEO Eugene Mayne's vision that children should have a sound technology base. Gabat is the first school in South Sudan to offer computer classes for 5th to 8th Level students. Photo shows from left to right: Jubek State Minister of Education Dr. Wani Sule Lado, Jubek State Deputy Governor Francis Latio, Mayor of Juba City Stephen Wani Michael, and Tristar South Sudan Country Manager Ravneesh Aujla. The Indian Ambassador to South Sudan, HE S.D. Moorthy, was also present at the event.
